The Secretary to the Govt
General Department

Sir,

I have the honor to report that Rupees 1000/ only were provided in the Budget of the Stamp Department for 1872-73 on account of the cost of ~~paper to be used~~ by the Superintendent of Stamps at Madras. It was anticipated that the proposed grant would suffice, as arrangements were being made for the introduction of Court Fees Labels instead of Court Fees Stamp paper, but owing to the unforeseen delay that has occurred in bringing the labels into use, it has been necessary to procure a much larger quantity of Stamped watermarked paper from the Superintendent to meet the demands of the Local treasuries.

the cost up to date is Rs 4810-8-10.

The cost of transmission to Bangalore and that of Contingent Establishments employed in impressing the Stamps at Madras has for the same reason exceeded the grants provided. The new dies ordered for general stamps have also to be provided for.

3 The total outlay is specified in the margin and the excess beyond grants is Rs 5379-7-8.

I propose with the Chief Commissioner's sanction to meet this excess out of the general savings of the Budget for the year which will probably suffice
